## LIVESTOCK LEASE CONTRACT

This is an agreement between Southwest Texas Junior College and 4S Cattle Company, concerning the lease of livestock to SWTJC for the purpose of practice stock.

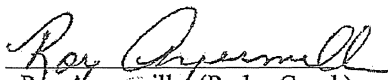

It is agreed that 4S Cattle Company will lease during the school year of 20014-2015 twenty (20) team roping steers and ten (10) steer wrestling steers to be fed and cared for at the expense of SWTJC and a fee of thirty-five dollars each per month.

It is also agreed that 4S Cattle Company will loan calves to SWTJC to be fed and cared for at the expense of SWTJC with the understanding that all students enrolled in Rodeo P.E. will be entitled to practice on said stock if they so desire.

Should said stock become permanently crippled or die while in the care of SWTJC it will be paid for at a fair market price. This will be determined by the cost of the cattle at the time of purchase.
